- Check for correct spelling in all search fields including City and State abbreviation.
- Broaden your search by using fewer search fields.
- Use the wildcard character ("*"). For example typing "D*" as your first name search criteria will return people whose first names begin with "D".

It is also possible that the person you are looking for does not have a phone listing in Yahoo! People Search.

Suggestions:

- . Check the spelling of the name.
- . Specify the name more generally. For example, omit the first name, or uncheck "Exact matches only," if it was checked.
- Try using the wild card character, *. For example, "r*d" will match "Reed," "Reid," and "Read" (among others).
- Widen your search area. For example, check "Include nearby areas" when searching in a City, or try a Nationwide search (leave City empty).

Please keep in mind:

- · People with unlisted numbers will not appear.
- · People who moved recently may not appear.

If your listing is not here, you can add it.
